

## Back-to-School Eye Exams

**\$20 OFF** for all students  
**Optomap® Screening**

Good through September 30, 2010

Bring this coupon to a scheduled eye exam and receive **\$20 OFF the price of an Optomap® screening** as part of a back to school eye exam.

Using Optomap® technology, Dr. Stone can examine the retina without dilating the pupils. Pupil dilation is a common procedure which is uncomfortable and inconvenient for many people. An Optomap® image of the retina can be an important part of early detection of eye health concerns.
